OFFICE OF PETITIONS

In re Application of :
Bruchez, et al. :
Application No. 10/735,608 : DECISION
Filed/Deposited: 12 December, 2003 :
Attorney Docket No. IVGN 620.2 CIP :

This is a decision on the petition filed on 3 and 4 May, 2010, considered as a petition pursuant to 37 C.F.R. §1.181 (no fee) requesting withdrawal of the holding of abandonment in the above-identified application and pursuant to 37 C.F.R. §1.137(b) to revive an application abandoned due to unintentional delay.

The petition pursuant to 37 C.F.R. §1.181 is **GRANTED**; the petition pursuant to 37 C.F.R. §1.137(b) is **DISMISSED**.

As to the Request to Withdraw
the Holding of Abandonment

Petitioners always are directed to the Commentary at MPEP §711.03(c)(I) for guidance as to the proper showing requirements for relief under 37 C.F.R. §1.181.

As to the Allegations
of Unintentional Delay

The requirements of a grantable petition pursuant to 37 C.F.R. §1.137(b) are the petition and fee therefor, a reply, a proper statement of unintentional delay under the regulation, and, where applicable, a terminal disclaimer and fee.

Petitioners attentions always are directed to the guidance in the Commentary at MPEP §711.03(c)(II).

BACKGROUND

The record reflects as follows:

Petitioner failed to reply timely and properly to the non-final Office action mailed on 10 June, 2009, with required reply due absent extension of time on or before 10 September, 2009.

The application went abandoned by operation of law after midnight 10 September, 2009.

The Office mailed the Notice of Abandonment on 28 December, 2009.

On 29 January, 2010, Petitioner filed, *inter alia*, a petition pursuant to 37 C.F.R. §1.181 and averred, *inter alia*, non-receipt of the Office action and provided a copy of the application docket sheet; made the statement of non-receipt at the correspondence address of record and the statement of search and non-discovery with a description of the docketing system. However, Petitioner failed to make the statement of sufficient reliability and failed to evidence that the due date docket is that for the firm. It also appeared that Petitioner may have redacted the statement of the reply(ies) due in a due-date listing, making it impossible to discern whether other files wherein replies were due for non-final Office actions were reviewed to ensure that the Office action herein had not been misfiled. Thus, Petitioner did not complete the showing as discussed below in the citation from the Manual of Patent Examining Procedure (MPEP). The petition was dismissed on 29 March, 2010.

On 29 January, 2010, Petitioner, *inter alia*, re-advanced the petition pursuant to 37 C.F.R. §1.181 and averred, *inter alia*, non-receipt of the Office action and provided a copy of the application docket sheet, made the statement of non-receipt at the correspondence address of record and the statement of search and non-discovery with a description of the docketing system, with the statement of sufficient reliability and a copy of the due date docket/calendar for the firm. Thus Petitioner sought to comply with the guidance in the Commentary at MPEP §711.03(c)(I).

With regard to Petitioner's request to withdraw the holding of abandonment pursuant to 37 C.F.R. §1.181, the guidance in the Commentary at MPEP §711.03(c)(I) provides in pertinent part as to non-receipt:

The showing required to establish nonreceipt of an Office communication must include a statement from the practitioner describing the system used for recording an Office action received at the correspondence address of record with the USPTO. The statement should establish that the docketing system is sufficiently reliable. It is expected that the record would include, but not be limited to, the application number, attorney docket number, the mail date of the Office action and the due date for the response.

Practitioner must state that the Office action was not received at the correspondence address of record, and that a search of the practitioner's record(s), including any file jacket or the equivalent, and the application contents, indicates that the Office action was not

received. A copy of the record(s) used by the practitioner where the non-received Office action would have been entered had it been received is required.

A copy of the practitioner's record(s) required to show non-receipt of the Office action should include the master docket for the firm. That is, if a three month period for reply was set in the nonreceived Office action, a copy of the master docket report showing all replies docketed for a date three months from the mail date of the nonreceived Office action must be submitted as documentary proof of nonreceipt of the Office action. If no such master docket exists, the practitioner should so state and provide other evidence such as, but not limited to, the following: the application file jacket; incoming mail log; calendar; reminder system; or the individual docket record for the application in question.¹

Out of an abundance of caution, Petitioners always are reminded that the filing of a petition under 37 C.F.R. §1.181 does not toll any periods that may be running any action by the Office and a petition seeking relief under the regulation must be filed within two (2) months of the act complained of (*see*: 37 C.F.R. §1.181(f)), and those registered to practice and all others who make representations before the Office are reminded to inquire into the underlying facts of representations made to the Office and support averments with the appropriate documentation—since all owe to the Office the continuing duty to disclose.²

The availability of applications and application papers online to applicants/practitioners who diligently associate their Customer Number with the respective application(s) now provides an applicant/practitioner on-demand information as to events/transactions in an application.
